

MRS. WELCH ~ FEBRUARY 2016

In February...

We will continue to study pets and Veterinarians through our play, small groups and art projects. We will also add in "ocean animals" to our study.

Snow Fun on NEMO!

We will have our final parent-teacher conferences this month (Feb 17 & 23). I am looking forward to sharing your child's assessments with you as they have grown so much already this year in social and academic areas. We will discuss ways to grown even more before the end of the school year.

We will have a Valentine's Day Party on Friday, Feb 12th. From 9:05am (after announcements) to 10:05am we will have Center Time (play/choice time) then from 10:05am-10:25 we will have snack together in the classroom. **HOMEWORK:** Make own Valentine's BOX or BAG to collect Valentine's cards in during the party. More info to come on this...

CONSCIOUS DISCIPLINE

I am very proud of our class and how safe, responsible and respectful they are to one another throughout our school day. Yes, there are some reminders here and there but overall the students do an amazing job of showing kindness, sharing and truly

enjoying each others company. I firmly believe if we continue to have high expectations of safe and helpful behavior the students will live up to it. All our practicing and encouraging each other is paying off and I

am truly blessed to have wonderful students and families that support our classroom and school each day. Keep up the good work at home and we will keep it up at school as well! www.consciousdiscipline.com
